EDUCATION

2004
Assiut University

achelor Science , Computer Science

SKILLS

- Programming Languages: HTML, CSS, JavaScript, Python
- Front-end Technologies: React
- Back-end Technologies: Node.js
- Database Management: SQL, MongoDB
- Version Control: GitHub

A skilled and dedicated web developer with 10 years of experience in designing and developing web applications. Proficient in front-end and back-end technologies, with a strong focus on creating user-friendly and responsive websites. Excellent problem-solving and communication skills, able to collaborate effectively with cross-functional teams.

WORK EXPERIENCE

2006-Now

Assiut University

- Developed and maintained responsive web applications using HTML, CSS, and JavaScript.
- Implemented front-end frameworks like React for building interactive user interfaces.
- Collaborated with design teams to ensure seamless integration of UI/UX designs.
- Created and optimized server-side logic using Node.js and Express.
- Integrated APIs and third-party services to enhance application functionality.
- Managed databases using SQL and MongoDB, ensuring efficient data storage and retrieval.
- Conducted unit testing and debugging to ensure high-quality code.
- Worked closely with cross-functional teams to gather requirements and deliver solutions within project timelines.
